Quit Cotton Business.

The Ardmore Cotton Exchange, Guillot Bros., proprietors, has been advised by their correspondents, the Christie Grain and Stock company, that owing to the hazardous condition of a manipulative cotton market they will not, for the present, accept any further business in cotton, at least until affairs assume a normal condition.

THE FEDERATION PRESIDENT AND COTTON WENT SOARING

WRITES LETTER CONCERNING MOVEMENT IN TERRITORY.

Mrs. Potter Will Be Retained as Delegate to St. Louis Biennial.
Mrs. Denison Says Seceding Clubs Cannot Control.

The assertion has been made by Indian Territory women that inasmuch as there exists now an Indian Territory federation that Mrs. H. C. Potter will be elected as a delegate from Indian Territory to the biennial convention would not be recognized as a legal delegate by that convention. Mrs. J. C. Roberts, president of the Twin Territories' Federation, was appealed to and in a recent letter to Mrs. Potter of this city makes the following statements which will be of general interest to club women of both territories:

"I have decided that the Oklahoma and Indian Territory Federation cannot be disrupted except in annual meeting by a vote of two-thirds of its members and the delegate-elect at the annual meeting from the Indian Territory to attend the biennial convention at St. Louis must be recognized by that convention. All clubs joining the General Federation can send a delegate, and they will and must be recognized by that body. A club does not have to belong to a state or territory federation to join the General Federation and have a delegate recognized in the biennial."

"I am going to recognize Indian Territory clubs as I did last year. You are a delegate to the biennial, elected by the Oklahoma and Indian Territory Federation. As long as your club remains with this federation you are a legal delegate. If Mrs. Denison decides to the contrary, I shall appeal from her decision. She has no right to try to disrupt our federation, and I hold she has not acted as the president of the General Federation should act."

"The Oklahoma and Indian Territory federation will and must remain as it is until a meeting is held composed of delegates from both territories. Then have the question properly presented to that meeting. A majority vote of such a convention can disrupt this federation and in no other manner can it be disrupted."

Mrs. Denison's Letter.

Mrs. Denison, president of the General Federation of Women's Clubs, in a letter from New York city to Ardmore club women, makes the following statement with reference to the Indian Territory secession movement:

"When the Indian Territory clubs, in convention assembled, voted to withdraw from Indian Territory Federation of Women's Clubs, they had a right to organize an Indian Territory federation, but that they could not control the others who might wish to remain in Oklahoma and Indian Territory Federation."

FLEECY STAPLE BRINGS OVER 14 CENTS IN NEW YORK.

The Highest Price Since 1875—The Crop in the South Is Estimated to Be Worth \$700,000,000—Liverpool Started the Whirl.

New York, Dec. 28.—Cotton in New York sold over 14 cents today, the highest price of the season and higher than during any year since 1875. During the short crop of that year cotton sold for 17 cents in this city, and the highest price in the interval between 1875 and 1903 was the 12-1/2 quoted during the speculative advance in 1890. Less than five years ago cotton in New York sold for 5 1/2 cents and in the South for less than 5 cents a pound. With New Orleans over 11-1/2 cents today the advance in five years has been about 300 per cent. It is now estimated that the South will receive \$700,000,000 for the sale of this year's cotton crop, or \$200,000,000 more than for any previous year.

The General
invariably brought some

L. Toro de la Selva

Cigars home with him from Porto Rico and distributed them among his most favored friends, who delighted in their mild quality and fragrant aroma.

In those days, these cigars retailed at fifteen cents, but now that the duty has been removed, you get the genuine L. Toro de la Selva Porto Rican Brevas at only five cents each.

When the duty was removed from the L. Toro de la Selva cigar, the demand overtaxed the capacity of the factory, leaving room for a flood of inferior, so-called Porto Rican cigars. Be sure you get the genuine L. Toro de la Selva Porto Rican Brevas.
